RICHMOND CALIFORNIA, WEDNESDAY MORNING, DECEMBER 22, 1915. NUMBER 275

POSTPONE LETTING OF HALL CONTRACT

The members of the Citizen's committee in charge of the John Nicholl fund of $25,000 for the erection of the new city hall on the Burg Bros., tract met last night in the club rooms of the Elks and postponed action on the letting of the bids for the hall until after January 3rd, 1916.

The action was taken in order to prevent any litigation, which might develop from the injunction action brought by George S. Wall against the moving of the building from the tract of the Harbor Center Realty company.

The injunction will be argued before Superior Judge R. H. Latimer on that date. City Attorney D. J. Hall and attorneys for the Burg interests will fight the Wall action.

PNEUMONIA THE CAUSE OF DEATH

Word was received last night that Mrs. King mother of Frank and Joe King, well known in this city had died at her home in Merced. Death was due to pneumonia. Two other sons and four daughters survive. Mrs. King was well known in this city.

TURKEYS WILL BE GIVEN AT WHIST PARTY TONIGHT

For the highest score at the turkey whist party of Onetah Council, Degree of Pocahontas, to be held tonight at Pythian Castle, a twenty pound turkey w ill be awarded. Safegaurd the County Health Is Plan of Jury

The following recomendations will be made to the Board of Supervisors at their next meeting by the Anderson Grand Jury, which yesterday adourned:

That the county raise the salary of the county Health Officer Dr. George of Antioch. His salary at present is $50 monthly.

That a county sanitary inspector be appointed.

That a county vetinary surgeor be appointed.

That the county establish a laboratory.

Dr. Charles R. Blake, city health officer of Richmond, who with Dr. George, Dr. Leach of Walnut Creek and Dr. C. L. Abbott of this city, appeared before the grand jury, made the recommendations.

The members of the grand jury then drew up a resolution embodying the above suggestions, and will present them at the next meeting of the board of supervisors.

The duty of the sanitary inspector would be the inspection of all factories, dairies, stores and other places about the county.

The duty of the vetinary surgeon would be the inspection of all cows. Tubercularian tests would be necessary, either once or twice a year, to prevent the spreading of disease germs through milk.

The establishment of the laboratory was declared to be of extreme importance. At present, the cities of the county must send "culture" to the laboratory in Berkeley. This necessitates a delay of some, times two or three days. With a laboratory in the county the results could be obtained in twelve hours. This is according to the physicians would aid in the saving of life, as returns are sometimes necessary in a short time.

It was explained that the county, which is the second richest in the state, had spent but $625 for the health work during the year, while Richmond has expended $5,000.

It was stated that the expenditure in the city of Richmond has brought results far in excess of the money expended.

WILL CRUISE ABOUT BAY FOR INVESTIGATION

Federal Judge Van Fleet of San Francisco will cruise to this city today on the army officers launch to see, for himself and to cruise upon the San Pablo channel over which the city and the Mintzner estate are litigating.

The case will be resumed in Van Fleet's court today and the judge desires to view the waterway before he makes up his mind as to whether or not it is navigable.

S. O. PLANT TO OPEN TODAY

The White Oil department of the Standard Oil company which for the past few weeks has been shut down will open today. A full crew of men will be placed in operation.

A large number of orders from various parts of the country are awaiting to be filled and the department will be taxed to its capacity for many months to come.

It is understood that a majority of the employees discharged following the opening of the European war will be placed on the company's pay roll within the near future. Huge consignments of oil are being shipped as fast as possible to the east from the local plant. This would indicate that the present force of men would be increased.

Numerous matters of importance were discussed during the year. Yesterday the jury took up the matter of the alleged failure of several county saloons, to pay their county license fee.

LIKED BRIGHT LIGHTS: MAN GETS DIVORCE

Harry M. Goldwater, the well known local pawnbroker was granted an interlocutory degree of divorce from his wife Marion Miller Goldwater. Goldwater claims that his wife preferred the bright lights of San Francisco's cafes, and after fifteen days of domestic life, departed for the Exposition city.

Goldwater was represented by Attorney T. M. Carlson.

PAY AS YOU ENTER CARS FOR CITY

The pastime of "Dodging the conductor" will no longer be enjoyed on the Richmond line of the San Francisco-Oakland Terminal Railway company beginning January 1, 1916.

All of the cars of the company are rapidly being overhauled and converted into the "Pay as You Enter" classification. The company is not making the change for the purpose of increasing its financial influx, but for the purpose of protecting patrons.

"The cars that allow entrance both in the rear and in the front," are dangerous," said an official of thecompany. "Some insist upon leaping on or off the car while it is in motion and it is for the protection of the careless that the move is being taken. Early next year we expect to have every car in our company having an entrance from the rear only."

The railroad interests are conducting a systematic "safety First" campaign and according to officials, the campaign is already getting the desired results.

AT THE RICHMOND

For the principal native characters used in the Jesse L. Lasky production of the "Explorer," in which Lou. Tellizen, the celebrated international star, will be seen at the Richmond theater tonight, six natives were especially imported from Central Africa by the Lasky company. They brought with them their native war drums, spears, knives, for use in the production. With the six came a tribe chief, who acts as the interpreter in the picture.

The huge native war drums used in the central African film scenes in the Jesse L. Lasky production of "The Explorer" were brought to this company especially for that purpose by the Lasky company. They were secured by Mr. Lou Tellegen, the distinguished international star and former leading man for Sarah Bernhardt, through a friend of his living in the Congo Free States.

Owing to the war, they were sent to this country in a rather roundabout route. They were carried from the Free States to St. Paul de Loanda by a native there they were sent to Cape Town by a coastwise sailing vessel. From Cape Town they traveled to Sydney, Australia, and from Sydney by steamer to Honolulu and from Honolulu to Los Angeles. The drums were accompanied by six natives and an interpreter, who also takes part in the picture.

No less a feature than "The Explorer" is the big Charlie Chaplin Comedy, "A Night in the Show." The management guarantees that the production will get a laugh from every normal person who attends the Richmond theater this evening.

The program is augmented with other film attractions of equal value.

Saturday evening only, Charlie Charlie Chaplin will appear in "Shanghaid"

WILLIE SAYS GIRLS SOME BOOSTERS

Master William Cunningham, the star left fielder of the Richmond Elks baseball team, champions of 1915, officiated as first sacker in a contest between the S. P. Moose and the Elmhurst team Sunday. Bill was with the Moose crew, which grabbed the bacon, 5 to 3. Mr. Cunningham desires to inform the citizens of our fair city that the important feature of the day's performance was the rooting of a gang of chickens who accompanied the Elmhurst crew to the festivities.

"They were some peaches," declared Bill, who is quite a chicken fancier, and ought to know.

WHO SAID COLORS MIXED? WYLIE DOESN'T THINK SO

George Washington Lincoln O'Brien, paid an official visit to the police station last night. He was welcomed by Officer Oliver Wylie. G. W. L. O'Brien, who is a dark complexioned gentleman, informed Wylie that he was without funds and desired shelter. O'Brien was placed in a luxurious bunk in the one of the cells.

A few moments later, Hans Hansen, who boasts Sweden as his place of birth, entered. Like, O'Brien Hansen was light of pocketbook. So he too was given quarters.

But alas. Hansen did not appreciate them. He informed, Wylie that he did not enoy the company of his bunk mate.

He declared that he desired to once more inhale the fragrance of the cool night air. But Wylie refused. At press time, Hansen was still shouting his disapproval of his room mate and the police in general.

Several men have been working for the past few days in the "war on the squirrel."

The action is necessary as the animals insist upon perforating streets and digging small holes all over the district.

Gigneux Brothers, also well known land owners and several other tract owners with very favorable results toward aiding the San Francisco-Oakland Terminal railways company should they care to extend their present line."
